## SUPPLEMENTAL DUE DILIGENCE ANNOUNCEMENT

### FOR THE UPCOMING AUCTION OF LICENSES FOR THE LOWER AND UPPER PAGING BANDS SCHEDULED FOR OCTOBER 30, 2001

#### Report No. AUC-01-40-G (Auction No. 40)

On May 7, 2001, the Wireless Telecommunications Bureau released a public notice providing due diligence information for potential bidders in the Lower and Upper Paging Bands Auction ("Paging Bands Auction"), originally scheduled for June 26, 2000,<sup>1</sup> and subsequently rescheduled for October 30, 2001.<sup>2</sup> This Public Notice provides additional information to the potential bidders in this upcoming auction.

Potential bidders are reminded that certain filings, including waiver requests, petitions for reconsideration, and applications for review, are pending before the Commission and relate to particular applicants or incumbent Paging Bands licensees. Resolution of these matters could affect the availability of spectrum for licenses in the Paging Bands. While the Commission will continue to act on such pending matters, some of these matters may not be resolved by the time of the Paging Bands Auction.

To aid potential bidders, attached to this public notice is a list of matters filed after May 2, 2001 that are known to be pending before the Commission, as of August 29, 2001, and that may relate to the licenses or applications for the Paging Bands (see Attachment A). The Commission makes no representations or guarantees that the listed matters, together with the matters listed in attachment A to the May Due Diligence Public Notice, are the only pending matters that could affect spectrum availability in the Paging Bands.

Copies of the pleadings related to the matters listed in Attachment A to this Public Notice may be obtained from the Commission's duplicating contractor, Qualex International, Portals II, 445 Twelfth Street, SW, Room CY-B402, Washington, DC, 20554; or from the Office of Public Affairs, Wireless Telecommunications Bureau, 445 12th Street, SW, Room CY-C314, Washington, DC 20554.

**Potential bidders are solely responsible for identifying associated risks, and investigating and evaluating the degree to which such matters may affect their ability to bid on, otherwise acquire, or make use of licenses available in the Paging Bands Auction.**
