## **SUPPLEMENTAL DUE DILIGENCE ANNOUNCEMENT**

### **FOR THE UPCOMING AUCTION OF LICENSES FOR THE LOWER AND UPPER PAGING BANDS SCHEDULED FOR OCTOBER 30, 2001**

#### **Report No. AUC-01-40-K (Auction No. 40)**

On May 7, 2001 and September 4, 2001, the Wireless Telecommunications Bureau ("Bureau") released two public notices providing due diligence information for potential bidders in the Lower and Upper Paging Bands Auction ("Paging Bands Auction"), originally scheduled for June 26, 2000,<sup>1</sup> and subsequently rescheduled for October 30, 2001.<sup>2</sup> This Public Notice provides additional information to the potential bidders in this upcoming auction.

This Public Notice is to inform potential bidders that information regarding call sign KUS287 ("Call Sign"), licensed to FCCA, LLC, has been corrected in the Universal Licensing System ("ULS"). Specifically, one of the Call Sign's site locations has been changed to reflect the correct coordinates. While ULS formerly listed site location 6 as being located at 36-58-11.0-N, 86-31-15.0-W, the Bureau has been advised that the site actually is located at 35-13-29.5-N, 80-50-49.2-W. The address for the location, however, was correctly listed in ULS as 400 South Tryon Street, Charlotte, NC and hence has not been changed. Four frequencies, 152.03, 152.06, 454.125 and 454.625, operate from this location.

Potential bidders may obtain information about licenses available in the Paging Bands Auction through the Wireless Telecommunications Bureau's licensing databases on the World Wide Web at <http://www.fcc.gov/wtb/uls>. Potential bidders should direct questions regarding the search capabilities to the FCC Technical Support hotline at (202) 414-1250 (voice), (202) 414-1255 (TTY), or via e-mail at [ulscomm@fcc.gov](mailto:ulscomm@fcc.gov). The hotline is available to assist with questions Monday through Friday, from 7:00 AM to 10:00 PM ET, Saturday, 8:00 AM to 7:00 PM ET, and Sunday, 12:00 noon to 6:00 PM ET. In order to provide better service to the public, *all calls to the hotline are recorded*.

The Commission makes no representations or guarantees regarding the accuracy or completeness of information in its databases, including the accuracy or completeness of information that has been provided by incumbent licensees and incorporated into the databases. Potential bidders are strongly
