RE: Petition to remove LPTV application BNPTTV-20000828AUX,
BNPTTV-20000828ATJ from Auction 81, Group MX234 and BNPTTV-
20000828AVC, BNPTTV-20000828ATH from Group MX 235.

Ladies and Gentlemen:

San Juan County and SW Colorado TV Association both agreed there was adequate terrain shielding and agreed to resolve any interference problems with each other. Both applicants submitted letters to the FCC during the August 2001 Settlement Period. Copies attached.

I believe it is not necessary for my application to be in the auction as there is neither any incoming or outgoing conflict.

Please reclassify my application as a "singleton".

Respectfully submitted

Ms. Salas:

The twenty above mentioned applications are classified as mutually exclusive. This letter is to clear the problems with these applications.

The applicants involved are San Juan County, UT and SW CO TV Translator Association, and the University of Utah. The above applications are all adjacent channel, or co-channel. All applicants have resolved the interference problems between ourselves. The applicants have studied each application and have determined that due to terrain shielding and distance between sites that no interference will occur on any of these applications. In the event that there is interference, San Juan County, UT agrees to resolve all problems with SW Colorado TV Translator Association, and the University of Utah.

Sincerely,
