## **WIRELESS TELECOMMUNICATIONS BUREAU SPONSORS AUCTIONS FORUM**

In an effort to continually enhance the Commission's auction process, the Wireless Telecommunications Bureau will open the 800 MHz Specialized Mobile Radio Service (SMR) post-auction forum to all bidders in recently completed auctions. This forum is open to bidders in the Broadband Personal Communications Services D, E & F Block, Cellular Unserved Area Licenses, Wireless Communication Service, and Digital Audio Radio Service auctions.

The purpose of this forum is to receive feedback from bidders on their experiences with the auction process. In addition, bidders are encouraged to use this forum to present specific recommendations for improving the operational components of the auctions process. Among the general topics to be discussed are information dissemination, application processing and payment, and the overall conduct of the auctions. Key FCC staff will be available to answer questions.

The post-auction forum will be held on Thursday, January 22, 1998 at 1:00 p.m. at the Federal Communications Commission, 1919 M Street, N.W., Washington, D.C., Room 856. Space is limited. Interested participants must call the Auctions Division of the Wireless Telecommunications Bureau at (888) 225-5322 (press option #2 at the prompt) to register.
