

AUCTIONED LICENSES

Initial License Applications - Auction winners file with the Bureau a "long form" application, FCC 601 "FCC APPLICATION FOR RADIO SERVICE AUTHORIZATION: WIRELESS TELECOMMUNICATIONS BUREAU PUBLIC SAFETY AND HOMELAND SECURITY BUREAU" according to the public notice. There is no application fee associated with the initial long form application, or amendments to same.

Post-grant License Applications - Once an initial auctioned license has been granted to a winning bidder in an auction, all subsequent post-grant license applications may require a fee as described in this fee guide. Specifically, if there are fees applicable to incumbent licensees in a given radio service, the same fees will apply to auction winners. For specific fee amounts, see the individual sections of this guide addressing the specific radio services.

Note that there are no application fees for any type of application or request regarding the Personal Communications Service (PCS), the Wireless Communications Service (WCS) (2305 – 2320 MHz and 2345 – 2360 MHz), Local Multipoint Distribution Service (LMDS), Location and Monitoring Service, Multilateration (LMS), 1670 – 1675 MHz Band (Part 27), or 700 MHz (Lower Band, Upper Band, including Guard Bands), Multichannel Video Distribution and Data Service (MVDDS). Regulatory fees, which are assessed annually, may apply to these services. Refer to Part C of this guide for information on regulatory fees for these services.

UNIVERSAL LICENSING SYSTEM

ULS is an integrated database and automated processing system which will support electronic filing of applications and other filings associated with applications (*i.e.* amendments, waiver requests, transfers and assignments of licenses, leases, licensee ownership information, etc.), collection of licensing information and public access to such information. For information on ULS electronic filing, visit the Internet @ <http://wireless.fcc.gov/uls>.

Upon submitting applications electronically via ULS, the applicant receives a confirmation of the fee(s) due (if any) for the application and is instructed to either pay on-line credit card or print FCC 159 directly from ULS. If not paying online immediately, the applicant may within 10 calendar days of the filing, utilize the **PAY FEES** option at <http://wireless.fcc.gov/uls>. If electronic filing is not available to the applicant and is not required to file electronically, the filing may be submitted manually along with FCC 159 and the appropriate fee and submitted to the appropriate address provided in this guide. **The applicant must remit payment as described in this guide within 10 calendar days of submitting the application, or the application will be dismissed. Payment received more than ten (10) days after electronic filing of an application on a Bureau/Office electronic filing system (e.g., ULS) will be forfeited (see §§1.934 and 1.1109).**

In order to avoid processing delays and dismissal due to insufficient fees, the Bureau recommends that applicants filing feeable applications via ULS observe the following:

- (1) Pay the amount specified by ULS (you may go back on-line within 10 days of receipt date to make your payment);
- (2) Use the ULS-generated FCC 159;
- (3) If paying by credit card, be sure to complete Section E of FCC 159;
- (4) Submit fee payment in a timely manner (payment is due within 10 calendar days of submission);
- (5) Submit only one instrument of payment (e.g., a check) for each FCC 159; and
- (6) Mail or deliver FCC 159 and payment to the proper St. Louis, MO address.

For the most current information regarding the Universal Licensing System (ULS), go to the ULS home page at <http://wireless.fcc.gov/uls>.

For the most current edition of any of the FCC forms necessary for manual filing, you may obtain the form at <http://www.fcc.gov/formpage.html>, call the FCC at 1-877-480-3201 (TTY 717-338-2824), or by calling the FCC's Fax Information System by dialing (202) 418-0177.
