General Instructions

Purpose of Form

FCC Form 603 is used to apply for approval of assignment of authorizations in the Commercial Mobile Radio, Auctionable Fixed Microwave and Personal Radio Services.

FCC Form 603 is a multi-sectional form. Each application or amendment may contain as many Schedules as necessary.

Who Must File What Forms and When

An Assignment of an Authorization must be requested from the FCC when a license is assigned to another party. An Assignment of Authorization involves a complete transfer of controlling interest in ownership in the license and generally involves the changing of the Licensee name. Refer to the applicable FCC Rules for definitions of controlling interest and ownership.

For assignment of one or more authorizations, the assignor must apply for approval using this form, FCC Form 603. In the case of an involuntary assignment of authorization, the assignor must apply no later than 30 days after the event causing the assignment. Note that this form must be signed by both the assignor and assignee. In addition, the assignee must file FCC Form 602, WTB Ownership Form, unless ownership information is already on file at the FCC.

The assignor may apply for authorization to assign either all of the facilities of a station or market or just a portion of these facilities or markets.

➤ Full Assignment of Authorization

When the authorization for all of the facilities of a station or market is assigned, this is called a *full assignment of authorization*. To apply for a full assignment, the assignor must complete the Authorizations To Be Assigned section.

➤ Partial Assignment of Authorization

When authorization for some, but not all, of the facilities of a station or market is assigned, this is called a *partial assignment of authorization*. For each partial assignment of authorization, the assignee must apply for authorization to operate the facilities for which authority is being assigned, either as a new station or as a modification to an existing station already authorized to the assignee. If the assignment is a request to partition or disaggregate, or both, complete and attach the Partition and Disaggregation Schedule, FCC Form 603, Schedule B, and the FCC Assignment Schedule for Auctionable Services, Form 603, Schedule A.

➤ Sixty-Day Period

Assignments of authorization must be consummated within 60 days of FCC approval, unless the FCC grants an extension of time to complete a specific transaction. To request that the FCC grant an extension of time to complete the transaction, file Application for Authorization in the Auctionable Services, FCC Form 601, and attach Extension of Time Requests for Wireless Services, FCC Form 601, Schedule L.

If an assignment of authorization is not consummated within 60 days, or within the time allowed under an extension, FCC approval of that transaction is no longer valid.

➤ Notification of Consummation

Upon consummation of any assignment of authorization, the assignee must notify the FCC of the date of consummation. To notify the FCC that the transaction has been consummated, file Application for Authorization in the Auctionable Services, FCC Form 601, and attach Required Notifications for Wireless Services, FCC Form 601, Schedule K.

Information Current and Complete

Information filed with the FCC must be kept current and complete. The applicant must notify the FCC regarding any substantial and significant changes in the information furnished in the application(s). See Section 1.65 of the Commission's rules.

➤ Type of Transaction Information

Item 3 This item indicates whether the application is for *pro forma* assignment of authorization. A *pro forma* assignment of authorization is one for which the actual controlling party does not change. For example, if an authorization is assigned by one wholly-owned subsidiary of a parent corporation to another wholly-owned subsidiary of the same corporation, this would be a *pro forma* assignment of authorization.

Item 4 Enter Y for a full assignment of authorization or N for a partial assignment of authorization.

➤ Assignor Information

Item 5 Enter the Taxpayer Identification Number of the assignor. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number. This data is required to comply with the Debt Collection Improvement Act of 1996. This information will not be made available for public inspection.

Items 6-16 These items identify the person or entity that is applying to assign the authorizations. Items 6-14 must be completed; Items 15 and 16 are optional.

Complete either Item 6 or Item 7, depending on whether the assignor is an individual or company, respectively. You may enter a post office box number in Item 9 or a street address in Item 10, or enter information for both items.

➤ Contact Representative

Items 17-26 These items identify the contact representative for the assignor, if different from the assignor. This is usually the headquarters office of a large company, the law firm or other representative of the assignor, or the person or company that prepared or submitted the application on behalf of the assignor. If the facilities are to be sold or the stock of the licensee or the entity controlling the licensee is to be assigned to another entity, answer this item S. If the assignment of authorization is to be accomplished by court order, answer this item C. If O is indicated, the assignor must attach an exhibit that explains how the transfer is to be accomplished.

Item 28 This item indicates whether the assignment of authorization is voluntary or involuntary.

➤ Assignee Information

Item 29 Enter the Taxpayer Identification Number of the assignee. For individuals, enter the Social Security Number. For all other filers, enter the Employer Identification Number.

Items 30-41 These items identify the party that will become the licensee if the application is granted. The information provided in these items will become the licensee's name, address, and telephone number of record, and the authorization will be sent to this address.

Complete either Item 31 or Item 32, depending on whether the assignee is an individual or entity, respectively. You may enter a post office box number in Item 34 or a street address in Item 35, or enter information for both items.

➤ Alien Ownership Questions

Items 52-56 These items request indications and information that enable the FCC to determine whether an assignee is eligible under Section 310 of the Communications Act of 1934, as amended to hold a station license. The FCC cannot grant an authorization to a foreign government or the representative of a foreign government. Therefore, if the true and correct answer to Item 52 is "yes," the assignee is not eligible for a license and the FCC will dismiss the application, if filed, without further consideration. The FCC cannot grant an authorization to provide commercial radio service to any assignee for which the true and correct answer to Item 53, 54, or 55 is "yes." The assignee must answer all questions. A "yes" answer to any question requires an exhibit to be attached explaining the circumstances.

➤ Basic Qualification Questions

Items 57-60 These items request information that enables the Commission to determine whether the assignee is qualified to hold an FCC authorization. If the answer to any one or more of Items 57-60 is "yes," attach as an exhibit a statement explaining the circumstances and a statement giving the reasons why the assignee believes that grant of the application would be in the public interest notwithstanding the actual or alleged misconduct.

➤ Assignor Certification Statements

By signing this form, the assignor certifies that the statements listed in this section are true, complete, correct, and made in good faith.

Items 61-63 These items must be completed. To be acceptable for filing, applications and amendments must be signed in accordance with Part 1 of the FCC rules. The signor must be a person authorized to sign the application. Paper originals of applications must bear an original signature. On paper originals, neither rubber-stamped nor photocopied signatures are acceptable.

➤ Assignee Certification Statements

Complete at least one entry of this section and use a separate entry for each authorization and/or application. If necessary, attach additional copies to list more authorizations and/or applications.

Item 67 This column lists the Call Signs or FCC File Numbers of the authorizations and/or applications to be assigned.

Instructions for Undefined Geographic Area Schedule FCC Form 603, Schedule C

FCC Form 603, Schedule C, is a supplementary schedule for use with the FCC Application for Assignment of Authorization for Auctionable Services, FCC Form 603. This schedule must be completed and attached if an undefined area is to be partitioned, as specified by Item 3 on the Partition and Disaggregation Schedule, FCC Form 603, Schedule B. Complete and attach a copy of Schedule C for *each* Call Sign that is being partitioned or disaggregated. If multiple undefined areas are requested, *each* undefined area should have a corresponding Schedule C.

This schedule further defines geographic areas that have not been defined by the FCC. It is used to enter the coordinates of locations that describe the periphery of a geographic area to be partitioned. Specifically, enter up to 120 pairs of latitude/longitude coordinates, one pair for every 3 degrees azimuth around the periphery. Coordinates of the specified locations must be referenced to the North American Datum of 1983 (NAD83).

Note: If the area is a defined geographic shape, the applicant can provide fewer than 120 coordinates, in which case the FCC will assume that these coordinate points are joined by straight lines. For example, a rectangle can be described by four coordinates, a hexagon by six coordinates, and so on.

Number At the top of this schedule, enter the same number that has been specified in Item 3 of the Partition and Disaggregation Schedule, FCC Form 603, Schedule B.

Latitude In this column, enter the latitudes of locations using the format *DD-MM-SS.S-D*, where the degrees (*DD*) term can have a value in the range of 0 to 90, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either N for North or S for South.

Longitude In this column, enter the corresponding longitudes of locations using the format *DDD-MM-SS.S-D*, where the degrees (*DDD*) term can have a value in the range of 0 to 180, minutes (*MM*) can range from 0 to 59, seconds (*SS.S*) can range from 0 to 59.9, and the direction (*D*) term is either E for East or W for West.
