Consumer Outreach

Describe consumer outreach efforts in the past 12 months: The Filer has instructed its sales staff on HAC phone models and it has signs in each store advertising the availability of HAC devices. The Filer's sales staff are aware of the HAC-compliant handset issue and have been trained to respond to customer inquiries regarding HAC-compliant phones. The Filer also has wireless industry pamphlets available that customers can take home with information about the Commission's HAC requirements and HAC rating system. In addition, both hearing-impaired and non-hearing-impaired customers may test the phones in the retail stores. Furthermore, the Filer has a policy which allows customers (hearing-impaired or otherwise) to test handsets without commitment for up to 30 days. If the customer is not satisfied, the customer may return the handset free of charge (assuming that it has not been damaged) at the end of the thirty day trial period. During Calendar Year 2009, the Filer's website did not discuss the Commission's HAC/ANSI rating system, but this information now has been added to the website. However, during Calendar Year 2009, the website did list the HAC ratings for each HAC-compliant handset.

Methodology for Functionality Levels

1) Basic Phones: entry level devices that are offered at low cost or for free. 2) Feature Phones: devices with more advanced capabilities. 3) Smart Phones/PDAs: devices that run complete operating software as a platform for application developers.

Report Remarks

For some unexplained reason, the Commission's software will not allow the report to be submitted listing the Motorola KRZR K1M. Instead, the following computer generated message appears: "The entered Handset Model name already exists for the specified handset maker." In view of this, the following information is offered:

The Motorola KRZR K1M, FCC ID IHDT56H1, operates on the 850 MHz CDMA air interface, and was offered from December 2007 to date. It is not capable of WiFi voice operations. It is a Feature Phone. It is rated M3. It has no T rating.
