

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2009 - December 31, 2009

Filing Confirmation Number: 0004092535

Filing Deadline: January 15, 2010

FRN: 0002592517

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: Corn Belt Telephone Company
PO Box: 445
Street Address:
City: Wall Lake
State: IA
Zip Code: 51466

Contact Name: Heather Boger
Contact Phone: (712) 664-2221
Contact Fax:
Contact Email: cbtelco@netins.net

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets with the Wi-Fi air interface have clear and effective disclosure that the handset has not been tested for hearing aid compatibility with respect to its Wi-Fi voice operation? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.cornbelttelephone.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Our phones are broke down according to functionality:
Basic Phones are entry level devices offered for \$10 or less.
Feature Phones are devices with more advanced features and capabilities.
Smartphone/PDAs are devices that run complete operating system software as a platform for application developers.

Methodology for Functionality Levels

Ease of use and device features are used to determine levels of functionality. Basic phones are generally easier to use and less expensive since they do not have a lot of "extras".
Feature phones are full of functions that include cameras, MP3 players, radio, web, video and bluetooth capabilities, but are still affordable for our customers.
Smartphone/PDAs are not only loaded with functions, but usually have qwerty keyboards and applications allowing to download your calendar directly from your computer, due to these phones having "everything", they are more expensive.

Report Remarks

Handset 1: Alcatel TRIBE
