Website address: <http://txok.celloneration.com/phones/HAC.php>

Explain:

### Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Note: Market was acquired in September 2010. Cellular One compliant handset models are publicly identified for consumers and audiologists. Compliant models are listed on Cellular One's web site. Cellular One trains its salespeople on which digital phones are compliant. Compliant HAC phones are identified at the point of sale in retail locations on the merchandising cards. Consumers are given a 30 day trial period to try out digital wireless phones to determine whether they will work with their hearing aids. Flexible return policies are made known to consumers seeking to obtain compliant phones.

### Methodology for Functionality Levels

Levels of functionality are determined by consultation with phone vendor/manufacturer on the subject of HAC compliance and the price class of the phone. Operating capabilities and functionality of compliant handset models are verified through the Cellular One operator acceptance program for Cellular One's cellular network.

### Report Remarks

This HAC Report only pertains to handsets being offered with respect to the following market: CMA662 - Texas 11 - Cherokee (the "TX-11 market").
