

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2010 - December 31, 2010

Filing Confirmation Number: 0004562224

Filing Deadline: January 18, 2011

FRN: 0003739430

Filing Date: 01/06/2011 10:41 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: NU-Telecom/Sleepy Eye

Brand Names: TechTrends

PO Box:

Street Address: 27 N. Minnesota St

City: New Ulm

State: MN

Zip Code: 56073

Contact Name: Monty Morrow

Contact Phone: (320) 234-5264

Contact Fax:

Contact Email: montymorrow@nu-telecom.net

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those

models, and an explanation of the rating system? Yes

Website address: www.nutelecom.net

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Techtrends maintains a public website displaying its entire selection of handsets and devices, including those that are HAC-compliant. Sales staff is trained to assist customers in identifying HAC-compliant handsets and devices. Handset packaging inserts or operations manual also provide information. For more information, customers are directed to www.accesswireless.org/hearingaid/brochures.com and other public websites dedicated to HAC education.

Methodology for Functionality Levels

Techtrends offers HAC-compatible handsets and devices in all major price categories, including low-cost ("C" level) (<\$100), moderate-cost ("B" level) (\$100-\$250), and high-end/feature rich ("A" level) (>\$250). Costs generally correlate with the number of features, but if through experience, Techtrends finds that a certain handset contains features that work well with hearing aids, such as volume control, it will be labeled accordingly with an "A" level for functionality. Techtrends sales staff is trained to assist all existing and prospective customers looking for a HAC-compliant device/handset. HAC-compatible handsets and devices vary in their inherent "levels of functionality," but typically at least one (1) HAC-compliant handset/device with features and services typical of its price category can be found that meets each customer's price range.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 14

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	12	86%	2	14%			14
