## Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2010 - December 31, 2010

Filing Confirmation Number: 0004577844

Filing Deadline: January 18, 2011

FRN: 0017828948

Filing Date: 01/18/2011 07:50 PM

### General Report Information

#### Type of Company

Service Provider

#### De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

#### Company Information

Company Name: Shenandoah Personal Communications Company

Brand Names: Sprint  
Boost Mobile  
Virgin Mobile

PO Box: 459

Street Address:

City: Edinburg

State: VA

Zip Code: 22824

Contact Name: Ann Flowers

Contact Phone: (540) 984-5320

Contact Fax: (540) 984-8192

Contact Email: Ann.Flowers@emp.shentel.com

#### Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

#### Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

#### Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: <http://www.shentel.com/pages/solutions/voice/home.php>

Explain:

### Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Given Shentel's affiliate relationship with Sprint Nextel, Shentel primarily relies on the consumer outreach efforts of Sprint (i.e., Sprint website, Sprint handset user guides and manuals, and other Sprint outreach efforts). In addition, each Sprint store in the Shentel service area continues to provide HAC handset rating information on its in-store "Fact Tags" and/or "Call-Out Cards."

### Methodology for Functionality Levels

Sprint categorizes its handsets into three levels of functionality - Basic, Middle, and Advanced. Sprint considers Basic phones to have basic functionalities that are low cost to consumers, including low and nominal cost devices. Sprint considers Middle phones to be those that include in-demand features, such as push-to-talk, high-resolution cameras and music players, and typically can cost considerably more than a Basic model. Sprint's Advanced phones often include its latest offerings and cutting edge technology demanded by the most tech-savvy consumers. Customers for these phones usually desire the latest functionality and capacity, and often are looking for handsets that offer both voice and data capabilities and/or can service as a personal digital assistant. The cost for Advanced handsets typically is at the top of the range of devices offered, and can be significant compared to Sprint's other offerings.

### Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 108

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	67	74%	19	21%	4	4%	90
iDEN	8	44%	7	39%	3	17%	18

### Handset 1: HTC Snap

#### Handset Maker
