

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2010 - December 31, 2010

Filing Confirmation Number: 0004571524

Filing Deadline: January 18, 2011

FRN: 0002645778

Filing Date: 01/13/2011 01:02 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: Albany Mutual Telephone Association
Brand Names: Albany Mutual Telephone Association
PO Box: 570
Street Address: 131 Sixth Street
City: Albany
State: MN
Zip Code: 56307

Contact Name: Steven W. Katka
Contact Phone: (320) 845-2101
Contact Fax: (320) 845-7000
Contact Email: skatka@albanytel.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Bennet & Bennet, PLLC
PO Box:
Street Address: 4350 East West Highway, Suite 201
City: Bethesda
State: MD
Zip Code: 20814

Contact Name: Kenneth C. Johnson
Contact Phone: (202) 371-1500
Contact Fax: (202) 371-1558
Contact Email: kjohnson@bennetlaw.com

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.albanytel.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Albany Mutual Telephone Association (AMTA) maintains a public website displaying its entire selection of handsets and devices, including those that are HAC-compliant. Sales staff is trained to assist existing and prospective customers in identifying HAC-compatible handsets and devices. Existing or prospective customers can typically find whether a handset or device is HAC-compliant by either checking the packaging containing the handset/device, or by consulting the packaging insert or operations manual. For more information on HAC, existing and prospective customers can be directed to www.accesswireless.org/hearingaid/brochures.cfm and other public websites dedicated to HAC education.

Methodology for Functionality Levels

AMTA offers HAC-compatible handsets and devices in all major price categories, including low-cost and feature ("C" level) (generally <\$100), moderate-cost and features ("B" level) (generally \$100-\$250), and high-end/feature-rich ("A" level) (generally >\$250). Costs generally correlate with the number of features, but, if through experience, AMTA finds that a certain handset contains features that work well with hearing aids, such as volume control, it will be labeled accordingly at the "high-end/feature-rich" or "A" level for functionality. AMTA's sales staff is trained to assist all existing and prospective customers looking for a HAC-compliant device/handset. HAC-compatible handsets and devices vary in their inherent "levels of functionality," but typically at least one (1) HAC-compliant handset/device with features and services typical of its price category can be found that meets each customer's price range.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 21

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	16	76%	5	24%			21
