Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those

models, and an explanation of the rating system? No

Website address:

Explain: In the public website each phone model is defined with functionality, yet we need to add some documentation about the ratings of the models and the description of the rating system

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: In initial roll out of this plan we have acquired two hearing impaired customers, however we do not market in specific to hearing impaired persons

Methodology for Functionality Levels

We currently have a variety of phones available, and those that have purchased our phones are pleased with their output.

Report Remarks

We are in initial stages of rolling out this brand and product, we have not had the ability to focus primarily on this area.
