

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2011 - December 31, 2011

Filing Confirmation Number: 0005027899

Filing Deadline: January 17, 2012

FRN: 0004285698

Filing Date: 01/12/2012 01:30 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: South Canaan Cellular Communications Company, L.P.

Brand Names: Cellular One of NEPA

PO Box:

Street Address: 1855 Fair Avenue

City: Honesdale

State: PA

Zip Code: 18431

Contact Name: Jamie Davis

Contact Phone: (570) 253-1751

Contact Fax: (570) 253-1763

Contact Email: jdavis@cellularonenepa.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those

models, and an explanation of the rating system? Yes

Website address: www.cellularonenepa.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: South Canaan Cellular Communications Company, L.P. (SCCC) maintains a public website displaying the entire selection of handsets that are hearing aid compatible (HAC) compliant and their M and T ratings. The members of the SCCC sales staff are trained to assist customers in identifying HAC compliant handsets. Customers can identify whether a handset is HAC compliant and whether it uses acoustic coupling or inductive coupling by either reviewing the packaging that comes with the handset, or by checking the company website or by speaking to a member of the sales staff. Customers are also directed on our website to review additional information resources regarding HAC compliant handsets at www.accesswireless.org/Home.aspx

Methodology for Functionality Levels

South Canaan Cellular Communications Company, L.P. has identified four (4) increasing levels of functionality that are the main drivers in a customer's choice of a handset. These levels of service are: (Level 1) Voice only capability, (Level 2) Voice and Short Message Service (SMS) Capability, Level 3 Voice, SMS and Web browsing (WB) capability, and (Level 4) Voice, SMS, WB and Multi Media (ability to take send pictures) capability. SCCC offers multiple HAC compliant handsets that come in a range of price points, have a variety of different styles (flip open, clamshell, slide open etc.) come with or without cameras, come with or without full QWERTY keyboards, come with or without touchscreens and that utilize various operating systems that give access to different applications and ancillary feature-rich capabilities. Consequently, hearing impaired customers who choose our service have access to a wide variety of HAC compliant handsets that are equal to those offered to our non-hearing impaired customers.

Report Remarks

The manufacturer LG informed us that the FCC ID for the LG AS855 handset is BEJLS855. However, the FCC Form 655 website will not accept that FCC ID and will only accept FCC ID: ZNFL85C for that model, which is what we have shown as the FCC ID.

You have reported the following handset model summary information.

Total number of handsets offered: 40

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	32	80%	8	20%			40
