Yes

Explain:

### Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.nntc.net/hac

Explain:

### Consumer Outreach

Describe consumer outreach efforts in the past 12 months: The company maintains a public website describing handset selection and functionality. Handouts providing HAC information are available to customers. Sales staff is trained to assist in project selection.

### Methodology for Functionality Levels

HAC-compliant phones are available at major price points which reflect levels of feature sophistication: lower priced phones (<\$100) are most basic and denoted "C;" moderate-cost (\$100-\$250) have more advanced functionality and are denoted "B;" and high-end/feature-rich (>\$250) generally are the most advanced, having wireless Internet capability and/or an operating system that supports advanced applications, denoted "A."

### Report Remarks

Having filed last year's report on January 18, 2011, the company erroneously calendared the deadline for filing the 2012 report as January 18, 2012. The company discovered its error when it was unable to access FCC Form 655 electronically on January 18, 2012, and requested access for filing that date, but was informed that it must await the next (instant) filing window. The company has instituted internal controls to ensure timely filing in the future.
