Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Plateau's sales staff is trained to assist all existing and prospective customers looking for a HAC-compliant device/handset. Handsets packaging inserts or operational manuals also provide information. Additionally, Plateau provides a list of hearing aid compatible handsets on its website, along with an explanation of hearing aid compatibility with wireless phones and services.

Methodology for Functionality Levels

Plateau offers HAC-compatible handsets and devices in all major price categories, including low-cost (less than \$100), moderate-cost (\$100-250), and high-end/feature-rich (over \$250). HAC-compatible handsets and devices vary in their inherent "levels of functionality," but typically at least one (1) HAC-compatible handset/device can be found that meets each customer's price range.
