

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2013 - December 31, 2013

Filing Confirmation Number: 0006093482

Filing Deadline: January 15, 2014

FRN: 0002154706

Filing Date: 01/09/2014 03:21 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Smith Bagley, Inc.
Brand Names: CellularOne
PO Box:
Street Address: 1500 S. White Mountain Road
City: Show Low
State: AZ
Zip Code: 85901

Contact Name: Monica Owens
Contact Phone: (928) 537-0375
Contact Fax: (928) 532-8549
Contact Email: mowens@cellularoneaz.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency

band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations?
Yes

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

Yes

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: <http://www.cellularoneonline.com/index.php>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Cellular One compliant handset models are publicly identified for consumers and audiologists. Compliant models are listed on Cellular One's web site. Cellular One trains its salespeople on which digital phones are compliant. Compliant HAC phones are identified at the point of sale in retail locations on the merchandising call out cards. Consumers are given a 30 day trial period within which to try out digital wireless phones to determine whether they will work properly with their hearing aids. Flexible return policies are made known to consumers seeking to obtain compliant phones.

Methodology for Functionality Levels

High, Ultra High, and Extreme Tier Handsets- range from (\$250.99- and up) may have advanced features such as a 2MP or above camera, advanced Bluetooth, expandable memory, email access, touch screen, and internet access capability.

Mid and Mid High Tier Handsets (\$170.99-\$249.99) may have a medium-resolution camera, advanced Bluetooth, and Internet access capability, but lack e-mail access.

Ultra Low and Low Tier Handsets (less than \$170.99) generally have a low-resolution camera, low-resolution displays and may not have Bluetooth, they also generally lack such features as MP3 players, e-mail, and expandable memory.

Report Remarks

N/A

You have reported the following handset model summary information.

Total number of handsets offered: 60

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Excluded Handsets Number	Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent		
GSM	27	45%	8	13%	25	42%		60
