

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2013 - December 31, 2013

Filing Confirmation Number: 0006096394

Filing Deadline: January 15, 2014

FRN: 0003936168

Filing Date: 01/13/2014 10:22 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Cellular Properties, Inc.
Brand Names: Cellular One of East Central Illinois
PO Box:
Street Address: 28 Towne Centre
City: Danville
State: IL
Zip Code: 61832

Contact Name: Colleen Wright
Contact Phone: (217) 431-6281
Contact Fax:
Contact Email: cwright@cellular1.net

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Lukas, Nace, Gutierrez & Sachs, LLP
PO Box:
Street Address: 8300 Greensboro Drive, Suite 1200
City: McLean
State: VA

Contact Name: Pamela L. Gist, Esq.
Contact Phone: (703) 584-8665
Contact Fax: (703) 584-8696
Contact Email: pgist@fcclaw.com

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)? Yes

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation? Yes

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: <http://cellular1.net/hac.asp>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Compliant handset models are publicly identified for consumers and audiologists. Compliant models are listed on the company web site, and retail sales personnel are trained to assist with compliant digital wireless phones. Compliant handsets are available for testing in retail locations. Written materials and promotional literature are provided at the point of sale and on the website, addressing the needs of individuals with hearing disabilities. Such consumers are given a thirty day trial period within which to try out digital wireless phones to determine whether they will work properly with their hearing aids.

Methodology for Functionality Levels

Low Tier Phones offer basic wireless telephone features, may not have a camera, Bluetooth, or Internet access capability, and generally lack such features as MP3 players and expandable memory. The designs are typically bar or flip for customers using voice or text only.

Mid Tier Phones may have a camera, Bluetooth or Internet capability, but are less likely to offer video/music/media player capability. The designs are less stylish and tend to be clamshells or flips.

High Tier Phones have more extensive features, such as Bluetooth, Internet access capabilities, increased storage or expandable memory, high-resolution color display, enhanced camera or video capabilities, and music or MP3 player functionality. The designs are more modern and sleek.

PDA and Smartphones typically have QWERTY or touch keypads and go beyond just making phone calls to including operating systems that allow the phone to run productivity applications and have software that may enable you to create and edit Microsoft Office documents or at least view them, download applications, edit photos, access the web, and more.

Report Remarks

Cellular One of East Central Illinois does not operate network facilities utilizing AWS, 770 MHz, LTE, CDMA or WCDMA air interfaces.

You have reported the following handset model summary information.

Total number of handsets offered: 50

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Excluded Handsets Number	Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent		
GSM	20	40%	3	6%	27	54%		50
WCDMA	13	32%	3	7%	25	61%		41
