Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2015 - December 31, 2015

Filing Confirmation Number: 0007094402

Filing Deadline: January 15, 2016

FRN: 0021051461

Filing Date: 01/12/2016 06:47 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: US Connect, LLC
Brand Names: US Connect Mobile
PO Box:
Street Address: 11029 Harry Hines Blvd, Ste. B117
City: Dallas
State: TX
Zip Code: 75229

Contact Name: Paul LaPier
Contact Phone: (214) 382-4555
Contact Fax: (214) 865-6020
Contact Email: paul.lapier@usconnectllc.net

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? No

Explain: Handsets are refurbished and do not come packaged in original manufacturer packaging or include original user manuals. All product and hearing aid compatibility information can be found via each manufacturer website.

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice

communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

No

Explain: Handsets are refurbished and do not come packaged in original manufacturer packaging or include original user manuals. All product and hearing aid compatibility information can be found via each manufacturer website.

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

No

Explain: Handsets are refurbished and do not come packaged in original manufacturer packaging or include original user manuals. All product and hearing aid compatibility information can be found via each manufacturer website.

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

No

Explain: Handsets are refurbished and do not come packaged in original manufacturer packaging or include original user manuals. All product and hearing aid compatibility information can be found via each manufacturer website.

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

No

Explain: Handsets are refurbished and do not come packaged in original manufacturer packaging or include original user manuals. All product and hearing aid compatibility information can be found via each manufacturer website.

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: www.usconnectllc.net

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: A combination of locally held events in areas targeted for the low income demographic of the Lifeline consumer for which we service as well as strategically located store front locations to make it easier for consumers to purchase services. If a consumer is identified as hearing impaired every effort is used to place him/her with the appropriate make and model of refurbished wireless phone to maximize their ability to use the phone while wearing a hearing aid.

Methodology for Functionality Levels

Functionality levels are determined through the use of the FCC compatibility rating given to each refurbished handset distributed.

Report Remarks

N/A

You have reported the following handset model summary information.

Total number of handsets offered: 319

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
GSM	10	20%	13	27%	26	53%	49
CDMA	137	51%	96	35%	38	14%	271
Wi-Fi	4	40%	5	50%	1	10%	10

1900 MHz CDMA

Dates

This handset model was offered from: 01/15 to 01/15

Ratings

M-Rating: M4

T-Rating: T3

Did this handset meet the criteria for an M3 rating for operations over GSM at 1900 MHz by enabling the user optionally to reduce the maximum power at which the handset will operate by no more than 2.5 decibels, except for emergency calls to 911?

Functionality Level

HIGH
