Spending Limit Program

When you participate in the Spending Limit Program, your account has a preset account spending limit. Your spending limit is the maximum balance your account can reach at any given time. You can choose your phone, service plan and one of several ways to pay your bill.

*Spending limit accounts are subject to a fee of $4.99/mo** per account. The fee will be waived for accounts enrolled in recurring automatic payments.*

How it Works:

*You have a preset account limit based on your credit history. Your limit pertains to all lines on your account and total balance. Talk, text, download and more. The Spending Limit Program Charge is $4.99/mo.** per account. This provides you with additional benefits and support to help you monitor your account and pay your bill with the following tools.*

- *Download the Account Balance Monitor to your phone to check your limit. Just access the Web on your phone, keyword search ABM, click the link and then click "Get it now."*
- *Manage your account on the Web by going to www.sprint.com and signing into My Sprint.*
- *Text messages from Sprint when your account approaches your preset spending limit and when you have reached your preset spending limit.*
- *Dial *4 (or *5 for Spanish) to check minutes or *2 to check usage, balance or find the nearest store. Dial *3 to make a payment.*

After 18 months of service and responsible payment, Sprint may "graduate" a customer by removing both the spending limit and the charge. If the limit on your account is exceeded, service may be suspended until the amount over your limit is paid and posted to your account. If your account remains suspended, Sprint may terminate your service.

For business customers only: your Agreement with Sprint Solutions, Inc. also includes (a) the Standard Terms and Conditions for Communication Services ("Standard Terms and Conditions"), and (b) the Wireless Services Product Annex ("Product Terms and Conditions"), both as posted at www.sprint.com/salesmelconditions on the date you signed your wireless service agreement. TERMS OF SERVICE
Service Agreement: The Agreement is provided to you at activation. There are several parts to the Agreement, including, but not limited to, the Subscriber Agreement you sign or accept, the detailed plan or other information on Services we provide or refer you to during the sales transaction, and any confirmation materials we may provide you. **General Terms:** If you agree to maintain service for a minimum Term, the Term begins when you accept the Subscriber Agreement (e.g., signature, activate service, use phone, etc.). You may terminate any line of service before its Term ends by calling us; however, you will be responsible for an EARLY TERMINATION FEE of up to $200 ("ETF") for each line/number terminated early — except for terminations consistent with our return policy. Subscriber Agreements starting after 11/23/09 are subject to Sprint's prorated policy ($200 through month 5 of term, decreasing $10 a month until $50 minimum applies to remaining terms). Payment of the ETF does not satisfy other obligations owed to us, including term commitments with other lines or service/equipment charges. **All** offers, including plans and customizable upgrade options are available from **2/14/2010 to 6/5/2010** — we reserve the right to cancel offers early or extend offers without notice. Offers are subject to credit approval. An account spending limit may apply — ask for specific amount. Spending limit accounts are subject to a fee of $4.99/mo. per account. The fee will be waived for accounts enrolled recurring automatic pay™ (ePay). Monthly service plan charges accrue even if your service is [illegible] cut off for exceeding your spending limit or non-payment. Offers may not be available everywhere, commercially with other promotions/options, or available to business customers. Coverage is not available everywhere and varies by service. — see mapping brochures or visit www.sprint.com/coverage for details. Monthly charges exclude taxes, Sprint Surcharges (incl. USF charge (varies quarterly), cost recovery and administrative fees & state/local fees by area (e.g., in some areas up to 16% but in most areas less than 2%)). Sprint Surcharges are not taxes or gov't-required charges and are subject to change. Up to a $36 phone activation fee applies to new activations, certain service plan changes or upgrades of phones or devices ("phones"). A $25 reconnect fee may apply to reestablish service on all accounts that have been disconnected for nonpayment. A deposit, in most instances between $50 and $750 (but sometimes up to $1,000), may be required per line to establish service. Our services will only work with our phones — not all services are available with all phones or on all networks. Monthly service charges are not refunded or prorated if service is terminated or cancelled before your billing cycle ends. All plans include unlimited incoming/outgoing calls. Plans charges unless specified otherwise. Except where specified, included plan minutes are not good for off-network roaming calls. International roaming rates for voice and data services are additional and will vary. On calls that cross time periods, minutes are generally deducted or charged based on the call start time. Unused monthly plan minutes do not carry forward. Partial minutes of use are rounded up to the next whole minute.
