Welcome Letter

We're out to turn a good thing into something great.

Dear Sample A. Sample,

We wanted to thank you for choosing Sprint—and let you know we're 100% focused on making your wireless life more exciting. Get ready to do more than ever, faster than ever. Welcome to the Now Network.™

In this letter you'll find an overview of your services. Please review this information and keep a copy for your records.

We've also enclosed two handy booklets to help you get the most out of your new service. One gives you valuable account information to save time, and offers shortcuts to help manage your account. The other outlines all of the cool stuff your phone can do beyond just talk. Plus learn how to surf the web, get directions, email and more.

If you need additional help, just come into a select Sprint Store and we'll set up your email, voicemail, Web access and much more. Then we'll show you how it all works, one-on-one. Simply set up an appointment online at sprint.com/readynow or in-store and we'll get you going in no time.

Visit sprint.com/support to learn about your phone's features, download manuals, troubleshoot and more. For the most up-to-date personal account information, and to manage your account online, sign up for My Sprint at sprint.com.

Also, when you sign up for Online Billing, you'll save \$5 on your next bill! Just go to sprint.com to enroll and you'll get a monthly email when your bill is ready. It's a convenient way to manage your account and save on stamps—plus it's great for the environment. Your account brochure offers more convenient payment options, too.

If you have any questions or believe any of this information is not correct, please contact us immediately at **1-888-211-4727** or press **3-2 TALK** on your new phone.

Thanks again for choosing Sprint.

Sincerely,

Jeff Hallock
Vice President, Base Management
