Dear Ms. Milkman:

Pursuant to Section 27.607 of the Federal Communications Commission's ("FCC") rules,¹ Access 700, LLC ("Access 700"), a subsidiary of Access Spectrum, LLC, is pleased to provide this Annual Report on its provision of band management services in the 700 MHz band.

As of March 1, 2011, Access 700 has six Spectrum Use Agreements ("SUAs") with three spectrum lessees. Five of the lease agreements are for the full 2 MHz of spectrum associated with each license and the sixth lease agreement is for 350 kHz of spectrum. The lease agreements permit the spectrum to be used by Access 700's customers for fixed and mobile data services and two-way voice operations. All of the SUAs are spectrum manager lease agreements. Three of the agreements have been extended until December 31, 2020, subject to the renewal of Access 700's licenses; a fourth SUA has a ten-year term, and the two remaining SUAs have initial terms that expire on June 30, 2011.

Sincerely,

/s/ Andrew J. Rein
