

ULS Public Access Release Notice

This revises the previous version of this document, dated 05/02/10, by adding a new field to the BF record.

Effective Date: June 2, 2012

Description:

On June 2, 2012, ULS is implementing changes to the public access file to support the new changes to the following record type:

· BF

This results in the addition of a new field in the “BF” record to show the Frequency Number for a given Buildout Frequency.

- A new field was added to the “BF” record at position 12 called “Frequency Number”. The BUILDOUT FREQUENCY (BF) record layout is below.

BUILDOUT FREQUENCY		
Position	Data Element	Definition
1	Record Type [BF]	char(2)
2	Unique System Identifier	numeric(9,0)
3	Call Sign	char(10)
4	Location Number	integer
5	Antenna Number	integer
6	Frequency Assigned	numeric(16,8)
7	Buildout Code	integer
8	Buildout Deadline	mm/dd/yyyy
9	Buildout Date	mm/dd/yyyy
10	Status Code	char(1)
11	Status Date	mm/dd/yyyy
12	Frequency Number	integer
