**Wireless Telecommunications Bureau to Conduct Universal Licensing System (ULS)  
Interactive Demonstrations July 19, 2000**

*Demos Scheduled on License Search/Application Search and  
Microwave Application Filings in ULS*

The Federal Communications Commission's (FCC's) Wireless Telecommunications Bureau (WTB) will conduct interactive demonstrations of its Universal Licensing System (ULS) July 19, 2000. WTB also is seeking comments and suggestions from those interested in attending such demonstrations in order to better coordinate and design the events.

The Bureau will hold demonstrations at the FCC's headquarters in Washington, D.C. in the ITC Training Room on the 12<sup>th</sup> Street level (main entrance level) of the Portals building at 445 12<sup>th</sup> Street, SW.

The topics for the demonstrations will be as follows:

Morning session — License Search/Application Search, from 10:00 am until noon  
Afternoon session — Microwave Application Filings in ULS, from 1:00 pm until 4:00 pm.

WTB has chosen the above topics based on comments from previous demonstrations and will add, delete or modify future demonstrations as interest dictates. The Bureau plans to hold ULS demonstrations on additional wireless services as they are deployed.

Parties interested in attending the demonstration and/or providing comments should contact Alan Oslick at (202) 418-0584, or via e-mail at [aoslick@fcc.gov](mailto:aoslick@fcc.gov). *Please specify your name, which day(s) and session(s) you would like to attend, and provide a telephone number and e-mail address at which you can be contacted.* You may also indicate what specific service(s) are of most interest to you. Seating is limited and will be assigned on a first come, first served basis. (*Note:* the ITC Training Room accommodates up to 14 persons per session, and an attendee may have to share a computer monitor with another attendee.) Priority will go to those already registered for the June 28<sup>th</sup> sessions, which were cancelled.
