Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Along with providing detailed information about the hearing aid compatibility of wireless phones on the Company's website, the Company has instructed its sales staff about the availability of hearing aid compatible phone models and it has signs in each store advertising the availability of hearing aid compatible devices. The Company also has wireless industry pamphlets available that customers can take home with information on the FCC's requirements and HAC rating system. To the extent that additional information is developed by the industry or the hearing impaired community on the compatibility of certain phone models with particular hearing aids, the Company will endeavor to make such information available to consumers.

Methodology for Functionality Levels

Basic phone - entry-level device that are offered for low cost or free

Feature phone - device with more advanced capabilities

Smart phone/PDA - device that can run a complete operating system software as a platform for application developers
