Consumer Outreach

Describe consumer outreach efforts in the past 12 months: The Verizon Wireless website includes information relevant to HAC. The website includes a description of the ANSI standard M- and T- ratings where applicable, and a series of common questions and answers and links to those phones that are HAC compliant. The website includes a regularly-updated chart that lists all the HAC rated devices with their rating. Sales personnel at stores owned and operated by Verizon Wireless have been trained with an understanding of HAC and the phones offered by Verizon Wireless. Sales personnel may also access from the stores via the internet the information contained on the Verizon Wireless website as described above. Verizon Wireless has multiple employees that work on disabilities issues including HAC. Those employees 1) regularly interact with customers who require additional assistance due to a disability, 2) participate in trade shows and educate attendees on the HAC phones offered by Verizon Wireless, and 3) interact with national hearing loss organizations. The new National Accessibility Customer Service team are trained for HAC as well. Customers can call the team at 1-888-262-1999 for any questions.
